

Christmas 2009

Wilmington Orthotics and Prosthetics

Mariska, John, Tim, Art, Pete & Freddy ~

We want you to know how much we sincerely appreciate having you all in our lives since December of 2007.

You all have made the difference.

Mariska ~ For your positive “you can do it attitude” and your friendly demeanor.

John ~ For all your years of absolute experience with amputees and for caring!

Tim - For your wonderful disposition and never ceasing support.

Art & Pete ~ For your expertise and caring about the end result!

Freddy ~ For your wonderful visit to our hospital room at New Hanover and your body language, keeping us guessing as to which leg was the prosthetic.. Carolyn will never forget your “swagger” as you put your leg up on the window sill and smiled!

Our daughter Colleen, gave John an early Christmas gift and we loved it so much that we asked her to get one for your children’s room. In case you have never heard of Winter.....she is an awesome dolphin. Please enjoy this book as our gift to your all.

We wish you all a wonderful holiday and a peaceful New Year.

Fondly,
